

Thrift Store Valuation Guide

The valuation table includes high and low estimates of value. Please choose a value within this range that is keeping with the current condition of your donated item. This includes age, condition and quality of item.

All appliances, electronic and equipment should be in working condition, and all clothing and furniture donated are in good overall condition.

The United States Internal Revenue Service (IRS) requires donors to value their items. New Federal Income tax regulations require donors claiming deductions

for charitable contributions consisting of property other than cash, worth more than \$500 to file an Internal Revenue Service form 8871, non-cash charitable contributions.

If you have donations picked up, our drivers will gladly supply you with a receipt.
