The Oxford Handbook of Offender Decision Making Wim Bernasco, Jean-Louis Van Gelder, H. Elffers, 2017 The Oxford Handbook of Offender Decision Making provides high quality reviews of the main paradigms in offender decision making such as rational choice theory and dual process theory It contains up to date reviews of empirical research on decision making in a wide range of decision types including not only criminal initiation and desistance but also choice of locations times targets victims methods as well as a large variety of crimes The Handbook also provides comprehensive in depth treatments of the major methods that can be used to study offender decision making TA-Q-BIN Qizhang Liu, Mark Goh, 2015-10-16 This book reveals the secrets of Yamato Transport's success in maintaining and extending its leadership in Japan's domestic parcel delivery market It presents six cases that illustrate how Yamato's flagship service TA Q BIN has evolved since the 1970s to the benefit of consumers particularly urban dwellers and how TA Q BIN has become an integral part of Japanese daily life Each of the six unique cases serves as an independent teaching case for undergraduate and graduate students describing the particular service design operations management innovation supplier management and social responsibility within the context of an Asian last mile logistics service provider The book also includes insightful presentations of the challenges facing supply chain and logistics service providers in Asia and their innovative responses to these challenges using real world cases Besides featuring interviews with Yamato's key stakeholders and their strategic clients Japan based and other Asia Pacific Yamato operational centers make up the field method included in this book while secondary data is drawn from trade and academic domains Some of the cases are written in a didactic fashion with suitable stopping points for students to pause and deliberate over the managerial issues confronting the decisions that Yamato makes during the course of its business and operational strategies The results are particularly useful to readers interested in how operations and logistics decision making are practiced in a homogeneous Asian context and in an urban environment This book is essential reading for undergraduate and MBA students as well as practitioners in industry *Ohio State Journal of Criminal Law*, 2015 *Eco-Homes* Doctor Jenny Pickerill, 2016-01-15 It is widely understood that good affordable eco housing needs to be at the heart of any attempt to mitigate or adapt to climate change This is the first book to comprehensively explore eco housing from a geographical social and political perspective It starts from the premise that we already know how to build good eco houses and we already have the technology to retrofit existing housing Despite this relatively few eco houses are being built Featuring over thirty case studies of eco housing in Britain Spain Thailand Argentina and the United States Eco Homes examines the ways in which radical changes to our houses such as making them more temporary using natural materials or relying on manual heating and ventilation systems require changes in how we live As such it argues it is not lack of technology or political will that is holding us back from responding to climate change but deep rooted cultural and social understandings of our way of life and what we expect our houses to do for us *The Impact*

of the Social Sciences Simon Bastow, Patrick Dunleavy, Jane Tinkler, 2014-02-05 In the modern globalized world some estimates suggest that around 40 million people now work in jobs that translate or mediate advances in social science research for use in business government and public agencies health care systems and civil society organizations Many large corporations and organizations across these sectors in the United States are increasingly prioritizing access to social science knowledge Yet the impacts of university social science continue to be fiercely disputed This key study demonstrates the essential role of university social science in the human dominated and human influenced systems now central to our civilization It focuses empirically on Britain the second most influential country for social science research after the US Using in depth research the authors show how the growth of a services economy and the success of previous scientific interventions mean that key areas of advance for corporations public policy makers and citizens alike now depend on our ability to understand our complex societies and economies This is a landmark study in the evidence based analysis of social science impacts Foreword in the US edition *The Impact of the Social Sciences in the UK A View from the US* is by Kenneth Prewitt Columbia University *Preliminary California Energy Demand Forecast 2012-2022*, 2011 **Journal of Developmental Education**, 2015 Journal of the American Veterinary Medical Association American Veterinary Medical Association, 2016
