Access 20report Background:

Improving Access to Further and Higher Education for Young People in Public Care Sonia Jackson, Claire Cameron, 2014-06-21 Across Europe young people in care are around five times less likely to attend tertiary education than those who have not been in care Drawing extensively on a substantial three year long research project led by the authors this book provides a comprehensive account of this shocking discrepancy and discusses ways to address the imbalance Public Sector Reforms in Pakistan Abiha Zahra, Geert Bouckaert, Muhammad Zafar Iqbal Jadoon, Nasira Jabeen, 2022-06-10 This book provides a research based analysis of public sector reforms in Pakistan It offers a broad overview of reforms at different levels of government including federal provincial and local and examines decentralization and devolution reforms in various policy sectors It also reflects on market oriented reforms and the steps taken to involve the private sector to build a better governed public sector and explores new trends in the public sector in the areas of digitalisation and disaster management Bringing together young researchers academics and practitioners the book sets a new milestone in the movement towards context specific reform studies in both academia and the professional practice of public administration particularly in South Asia The Quest for Constitutionalism Hugh Corder, Veronica Federico, 2016-02-24 This volume provides a timely assessment on the progress made towards the achievement of a constitutional democracy in South Africa The chapters collectively present an in depth analysis of the development of the legal system and of the implications of the Constitution for the social configuration of power To what extent has the vision of constitutionalism contained in the Constitution been realised Primarily concerned with the impact of laws and the salience of their existence and enforcement for South Africans the work highlights the importance of placing the constitutional regime in its historical cultural social economic and political context The book further recognises the importance of the South African constitutional provisions for transnational or globalised constitutionalism more broadly It contains contributions from South African scholars as well as European authors bringing in new analytical angles and adding a specific comparative dimension Through the prism of South Africa the authors discuss the innovative character of constitutional and legal provisions in terms of both constitution making and law making processes and their contents This book provides analysis that will be relevant to scholars students and practitioners specifically those interested in International Relations Law Sociology of Law and African Studies as well as socio political comparative studies Updated Evidence and Policy Developments on Reducing Gun Violence in America Daniel W. Webster, Jon S. Vernick, 2014-03-19 This digital update to Reducing Gun Violence in America presents new evidence and developments in the effort to address the staggering toll of gun violence in the United States In 2013 in the wake of the tragic shooting at Sandy Hook Elementary School Johns Hopkins University Press published Reducing Gun Violence in America a collection of essays written by the world s leading experts on gun violence Updated Evidence and Policy Developments on Reducing Gun Violence in America follows up on the state of American gun violence by analyzing new data

research and policy developments one year after Sandy Hook Over the course of ten substantive chapter addendums contributors bring readers up to date on such varied topics as mental illness domestic violence background checks illegal gun sales and personalized guns They describe the recent policy measures that have been enacted and suggest additional approaches that may help stem the violence An essential companion to Reducing Gun Violence in America the reliable empirical research and legal analysis in this e book will help lawmakers opinion leaders and concerned citizens identify policy changes to address gun violence which takes an average of more than 80 lives every day in the United States

Meta-Geopolitics of Outer Space N. Al-Rodhan, 2012-05-11 Al Rodhan sheds new light on the debate about the geopolitics of outer space going beyond applying traditional International Relations approaches to space power and security by introducing a multidimensional spatial framework The meta geopolitics framework includes space and expands classical power considerations to cover seven state capacities

Strong Foundations Unesco, 2006 This report the fifth in the series examines the progress towards achieving the six Education for All EFA goals set at the World Education Forum in Dakar in 2000 focusing on the provision of comprehensive early childhood care and education particularly for the most disadvantaged children Programmes that support young children during the years before they go to primary school encompassing care health and nutrition issues as well as education are crucial to establishing strong foundations for subsequent learning and development The report finds that demand for early education and care is expanding rapidly spurred on by higher numbers of women in the labour market and more single parent households However young children in greatest need who also stand to benefit the most are unlikely to have access to early years programmes with coverage remaining very low in most developing countries Participation in pre school services ranges from 62 per cent in Latin America and the Caribbean to 35 per cent in developing countries of East Asia and the Pacific 32 per cent in South and West Asia 16 per cent in the Arab States and 12 per cent in Sub Saharan Africa In comparison pre school provision is almost universal in most Western European countries and although enrolments fell sharply in transition countries following the break up of the Soviet Union they are now recovering Although there has been considerable progress made in other aspects of the EFA goals particularly in relation to universal primary education more girls attending schools and an increase in international aid for education the report highlights the major challenges that remain if the six EFA goals are to be met by 2015

An Alternative Development Agenda for India Sanjay Kaul, 2022-11-30 This book provides a revamped transformative and fiscally sustainable developmental agenda for India to radically improve the well being and livelihoods of its citizens Grounded in a people first approach this alternative agenda focuses on seven vital development and inter connected areas including health education food and nutrition child development gender livelihood and jobs and urbanization The volume highlights the systemic issues plaguing these sectors and offers pragmatic and implementable solutions to address them The author takes cognizance of the COVID 19 pandemic and draws attention to the limitations of

the current public policies and suggests cost effective interventions and strategies that focus on the poor The volume discusses crucial themes of universalizing healthcare battling malnutrition and food insecurity ensuring quality schooling unshackling gendered mindsets enhancing livelihoods and improving the urban quality of life to spell out a pragmatic and workable development agenda for India Accessible and reader friendly the book will be an essential read for scholars and researchers of development studies economics public policy governance development policy public administration political studies South Asia studies It will also be of interest to professionals in the development sector **Aslib Proceedings** ,2008

Socially Responsive Organizations & the Challenge of Poverty Milenko Gudić,Al Rosenbloom,Carole Parkes,2017-09-08 This book provides a combination of case studies and current action research describing how businesses and civil society organizations are working to alleviate poverty in local and global communities It intends to provide conceptual and research rationales for why management education and management institutions must address the issue of poverty The book responds to one of the major findings from the research of the PRME Working Group on Poverty that the topic of poverty still lacks a strong business case for management educators and program institutional administrators The distinctive features of this book are that it 1 includes examples of small and medium sized SME businesses 2 deals with the issue of poverty as a human rights violation 3 explores the issue of absolute versus relative poverty 4 deals with leadership challenges in organizations committed to poverty alleviation and 5 discusses the issues in terms of management education s responsibility for setting new management research institutional and intellectual agendas The first of two books to be produced by the PRME Working Group on Poverty Socially Responsive Organizations and The Challenge of Poverty aims to provide both researchers and practitioners with the most wide ranging coverage yet published on how business can be a positive force in alleviating poverty and how management education needs to adapt to this increasingly crucial prerogative

Gender and ICTs for Development ,2005 Around the world information and communication technologies ICTs have changed the lives of individuals organizations and indeed entire nations ICTs can have profound implications for women and men in terms of employment education health environmental sustainability and community development Because of systemic gender biases in ICTs and their applications women are far more likely than men to experience discrimination in the new information society In spite of this resource poor and non literate women and their organizations are aware of the power of information technologies and communication processes and are using them to advance their basic needs and strategic interests improve their livelihoods and help them achieve their human rights Gender and ICTs for Development brings together case studies about women and their communities in developing countries and how they have been influenced by and have used ICTs in development An introduction by Helen Hambly Odame now at the University of Guelph in Canada formerly with the International Service for National Agricultural Research provides a global overview of the issues and a framework for responding to the case studies This book the seventh of these Global Sourcebooks features five major case studies which

examine the diverse ways in which women have been able to make the most of digital opportunities e commerce in Bhutan entrepreneurship by women workers in China post conflict communication using radio and ICTs in Sierra Leone sustainable fisheries production in Ghana and information exchange related to HIV AIDS in the Caribbean The extensive and up to date critical bibliography of print and online resources makes this a truly global sourcebook on the topic Published in association with KIT Publishers

Healthy, Resilient, and Sustainable Communities After Disasters Institute of Medicine, Board on Health Sciences Policy, Committee on Post-Disaster Recovery of a Community's Public Health, Medical, and Social Services, 2015-09-10 In the devastation that follows a major disaster there is a need for multiple sectors to unite and devote new resources to support the rebuilding of infrastructure the provision of health and social services the restoration of care delivery systems and other critical recovery needs In some cases billions of dollars from public private and charitable sources are invested to help communities recover National rhetoric often characterizes these efforts as a return to normal But for many American communities pre disaster conditions are far from optimal Large segments of the U S population suffer from preventable health problems experience inequitable access to services and rely on overburdened health systems A return to pre event conditions in such cases may be short sighted given the high costs both economic and social of poor health Instead it is important to understand that the disaster recovery process offers a series of unique and valuable opportunities to improve on the status quo Capitalizing on these opportunities can advance the long term health resilience and sustainability of communities thereby better preparing them for future challenges *Healthy Resilient and Sustainable Communities After Disasters* identifies and recommends recovery practices and novel programs most likely to impact overall community public health and contribute to resiliency for future incidents This book makes the case that disaster recovery should be guided by a healthy community vision where health considerations are integrated into all aspects of recovery planning before and after a disaster and funding streams are leveraged in a coordinated manner and applied to health improvement priorities in order to meet human recovery needs and create healthy built and natural environments The conceptual framework presented in *Healthy Resilient and Sustainable Communities After Disasters* lays the groundwork to achieve this goal and provides operational guidance for multiple sectors involved in community planning and disaster recovery *Healthy Resilient and Sustainable Communities After Disasters* calls for actions at multiple levels to facilitate recovery strategies that optimize community health With a shared healthy community vision strategic planning that prioritizes health and coordinated implementation disaster recovery can result in communities that are healthier more livable places for current and future generations to grow and thrive communities that are better prepared for future adversities

Access to Public Sector Information Brian F. Fitzgerald, 2010 On the back of the growing capacity of networked digital information technologies to process and visualise large amounts of information in a timely efficient and user driven manner we have seen an increasing demand for better access to and re use of public sector information The story is not a new one Share knowledge and together

we can do great things limit access and we reduce the potential for opportunity The two volumes of this book seek to explain and analyse the global shift in the way we manage public sector information In doing so they collect and present papers reports and submissions on the topic by the leading authors and institutions from across the world These provide people tasked with mapping out and implementing information policy with reference material and practical guidance Volume 1 draws together papers on the topic by policymakers academics and practitioners The volumes are sold separately and as a set

Human Resources Report ,2001

Bringing Human Rights Home Cynthia Soohoo,Catherine Albisa,Martha F. Davis,2008 This three volume set chronicles the history of human rights in the United States from the perspective of domestic social justice activism First the set examines the political forces and historic events that resulted in the U S s failure to embrace human rights principles at home while actively albeit selectively championing and promoting human rights abroad It then considers the current explosion of human rights activism around issues within the United States and the way human rights is transforming domestic social justice work The first volume provides a historical perspective on the United States ambivalent relationship with the international human rights movement It examines the implications of recognizing domestic rights violations as a matter of international concern and the relationship between international and domestic law It also addresses the role the Cold War and Southern opposition to international scrutiny of its Jim Crow policies and segregation played in shaping U S attitudes toward human rights generally and social and economic rights in particular These factors forced social justice organizations to largely abandon employing a human rights framework in their domestic work and had a lasting impact on U S perspectives about fundamental rights and the role of government The set also chronicles current domestic human rights work Volumes two and three consider why domestic activists currently are using human rights and the tactical advantages and practical challenges posed by such strategies These volumes cover everything from globalization to terrorism and the erosion of civil rights protections that led

to a renewed interest in human rights human rights versus civil rights strategies and the different ways human rights can support social activism **Current Developments in Employment Law** ,2009 **Microsoft SQL Server 2008 Reporting Services Step by Step** Stacia Misner,2009 CD ROM includes e book in 1 pdf file pdf version of this book bonus material 10 pdf files sample files
