Education James Walker Benet, Arlene Kaplan Daniels, Current discussions of education from Jencks's *Inequality* to Coleman's recent controversial pronouncements on desegregation orders and white flight concentrate on the efficacy of educational reform The articles in this anthology collected from two issues of the journal *Social Problems* all consider this topic The volume is divided into six sections each exploring different aspects of education In an introductory essay the editors state the theme of the work and outline the approaches and focuses of the individual essays Daniels and Benet provide a framework within which the reader can digest and interpret the various contributions and raise a series of questions intended to guide future educational research They maintain that only interdisciplinary study can enable researchers to understand the play between individual aspirations and interconnecting social systems and institutions in the development of the growing exasperation with or indifference to the schooling question Originally sponsored by the Society for the Study of Social Problems this work provides refreshing insights into the nature of contemporary education and explores new areas of research not previously discussed It follows a social system approach to education and advocates it as a model for future researchers Serves an important role in the current assessment of American education Ray C Rist Cornell University

A Lifetime in Jerusalem E. H. Samuel, 1970-01-01 This autobiographical account of the career of Edwin Herbert Samuel the second Viscount and son of the famous Liberal politician is distinguished both for

the historical importance and for the content and incisiveness of the writing The book will prove fascinating to readers who enjoy good autobiography especially those interested in following the saga of Palestine and Israel as told by one who has observed it closely for more than fifty years The current volume presents material on Julius Simon's Zionist life and activity from the beginning of the century until the establishment of the state of Israel Selected letters and documents a chronological table and an index are included

Students, Markets and Social Justice Hubert Ertl, Claire Dupuy, 2014-05-12 This volume examines tuition fees as the most prominent and most visible trend among higher education policies that embodies recent neoliberal trends in the policy area of education Tuition fee policies and the accompanying provisions for student support illustrate the contemporary tensions between marketisation and social justice Among the major transformations higher education systems have undergone in the last two decades the emergence of marketisation and in particular the introduction of tuition fees have received a lot of attention In Europe these trends seemingly break with a long dominant representation of higher education as a public good which has been at the centre of the process of massification of higher education access in most European countries since the 1960s Against this background the volume examines recent changes in tuition fee policies in a number of western European countries Canada the United States and China and investigates the impacts of these changes on access to higher education There are two main contributions the volume makes first it provides an overview of recent reforms in a comparative perspective including a diverse range of national contexts second it elaborates a systematic analysis of tuition fee policies rationales instruments and outcomes in terms of access to higher education The volume argues that tuition fee policies provide fruitful grounds to explore the variety of neoliberal trends in higher education that is how marketisation and concerns regarding social justice are intertwined in contemporary higher education systems
