

# WHAT IS CAPITAL?

**Capital** refers to the economic resources owned by an individual, company, or entity.

It can include **money, assets, properties, investments, and other assets** used to generate wealth or income.

**Capital** is essential for undertaking projects, investing in businesses, acquiring assets, and financing operations.

Additionally, capital can take different forms, such as financial capital (money and liquid assets), human capital (knowledge and skills of individuals), and physical capital (machinery, infrastructure).

The accumulation and management of capital are key aspects in the economic and business world.
