*Property Development for Beginners* Steve Chandler, 2016-07-13 Have you ever

wanted to be a property developer but didn't know how For those considering their first property development project it is essential to understand the five fundamentals of property development The five fundamentals of property development are 1 Acquisition 2 Feasibility 3 Authorities 4 Revenue and 5 Delivery Property development begins with the first fundamental acquisition You can't be a property developer without a property to develop But how do you know what property to acquire and where And you wouldn't acquire a property if you didn't know that it was financially feasible The second fundamental is feasibility You need to understand the financial position of your proposed project before you commit to acquire a property And before you commit to acquire a property you would want to know with reasonable certainty that you will obtain the relevant authority approvals Authorities are the third fundamental of property development Maximising your revenue and making sure it gets into your hip pocket as quickly as possible is also very important Revenue is the fourth fundamental of property development And the fifth fundamental of property development is delivery You have to design the building and construct it for the budget in your feasibility and as approved by your local authority All these fundamentals are integrally related to each other You need to understand them all to be a property developer And that's what this book does it brings together all five fundamentals in an easy to read short format book to help you become a property developer
