

### SACRED THREE: THE MEADOW

Chains open... The seven sheep are in the pen, looking very nervous. Justice and Charity lead the Knights out again, retreating to the sheep and pointing to the place where...  
→ Here the dragons took the three sheep, the gentle ones right.

#### JUDGEMENT

Do you really think that you'll be able to eliminate the dragons and bring back our sheep?

#### FAIRNESS

The King says you'll be able to...

#### IMPROVING THE MANLY

Children, have no fear. We'll most certainly solve the problem. Now you all go home to have a rest and we'll soon find you a new sheep when you return.

Children wait, having the Knights and the sheep in the meadow.

#### PLAUSIBLE SAVING

I don't know about your girls, but I like water with the kids...

#### INTEGRITY SAVING

Those three kids. But they can't tell the difference between a dragon and a cataphract.

→ All sheep laugh mockingly.

#### INTEGRITY SAVING

Technically, if anyone is qualified to capture dragons it would be the Knights. Let's give them a chance.

The Knights have gathered together and are ready to fight. Now they will eliminate the dragons.

#### ANARCHY THE ARMAGEDDON

I know this. How does every dragon react? Well, 100% runs into the sheep with one hand and uses the dragons?

#### INTEGRITY THE FOOLISHNESS

Good idea!

#### IMPROVING THE MANLY

Let's go!

[Telecinematic Stylistics](#) Christian Hoffmann,Monika Kirner-Ludwig,2020-05-14 Over the last two decades the study of discourse in film and television has become one of the most promising research avenues in stylistics and pragmatics due to the dazzling variety of source material and the huge pragmatic range within it Meanwhile with the advent of streaming and the box set film and television

themselves are becoming separated by an increasingly blurred line. This volume closes a long standing gap in stylistics research bringing together a book level pragmastylistic showcase. It presents current developments from the field from two complementary perspectives looking stylistically at the discourse in film and the discourse of and around film. This latter phrase comes to mean the approaches which try to account for the pragmatic effects induced by cinematography. This might be the camera work or the lighting or the mise en scène or montage. The volume takes a multimodal approach looking at word movement and gesture in keeping with modern stylistics. The volume shows how pragmatic themes and methods are adapted and applied to films including speech acts, impoliteness, implicature and context. In this way it provides systematic insights into how meanings are displayed, enhanced, suppressed and negotiated in both film and televisual arts.
