*The Catalan Poems* Pere Gimferrer,2019-07-08 Spain s greatest living poet Pere Gimferrer b 1945 has written more than thirty books spanning verse fiction essay and criticism His earliest writings appeared in Spanish In 1970 he began publishing in Catalan and has alternated between the two languages since with occasional forays into French and Italian The present collection the first

book length publication of Gimferrer's Catalan poetry in English brings together work from all phases of his career. His poetry is a marvel of syncretism. Billie Holiday, the medieval polymath Ramon Llull, Ezra Pound, and the artist Tpies all appear in his pages. His style draws equally on modernism and Galician Portuguese love lyrics on Góngora and on the Valencian metaphysical poet Ausiàs March. Rounding out the volume is a selection from the *Dietari*, an artistic diary that outlines his poetics and his sense of the artist's vocation through a series of meditations on Casanova, Octavio Paz, and others.

**The Story of an Honest Man** Edmond About, 1880     LOVE Adrian Gabriel Dumitru, 2021-03-22 LOVE the pathless path that goes to your soul. Is really love a necessity for our lives? Why can't life be much simpler, mathematical, with very clear rules to follow? Why do we need to fall in love? We should spend our lives only following the path the society taught us about: finish school, get a job, make money, try to be successful, retire, and then die. Why do we need this complicated story of studying what love is about? Well, first, all of you have a heart inside of you to feel the life and being in a love story; everything becomes more real. Following just the paths the society told you about should be boring. This is why lots of poets and writers wrote so much trying to define the meaning of love in our lives. When you are the kind of person that look at life in a logical and rational way, falling in love looks like useless like a pathless path. But discovering the love feelings in a time when everything looked like boring in your life redefines everything. Is never a good moment to fall in love cause you will always need to do something in the real life and looks like there is no time to loose for those silly feelings but one day when the feelings become so strong inside of you you realise that you just started to feel ALIVE. You always did what other taught you to do in life: the parents, friends, teachers, or people you know but no one came to you to whisper the secret of life. IF YOU WANT TO FEEL ALIVE JUST LET YOUR HEART TO FALL IN LOVE. You might loose your soul, your heart, your mind but you will feel being alive. No other path gives you those feelings. Yes, the truth be told: LOVE is the pathless path but it goes to your soul.

**Principles of Distributed Computing** ,2003 This paper presents an efficient asynchronous protocol to compute RSA inverses with respect to a public RSA modulus  $N$  whose factorization is secret and shared among a group of parties Given two numbers  $x$  and  $e$  the protocol computes  $y$  such that  $ye \equiv x \pmod{N}$  A synchronous protocol for this task has been presented by Catalano Gennaro and Halevi Eurocrypt 2000 but the standard approach for turning this into an asynchronous protocol would require a Byzantine agreement sub protocol Our protocol adopts their approach but exploits a feature of the problem in order to avoid the use of a Byzantine agreement primitive Hence it leads to efficient asynchronous protocols for threshold signatures and for Byzantine agreement based on the strong RSA assumption without the use of random oracles
