

Exercise 10: Supply and Demand

Name: _____
 Date: _____

Instructions: You have two hours to complete this exercise. Please read carefully.

1. (20 points) Consider the following:

- a. The market for a good is represented by a supply curve (S) and a demand curve (D). The supply curve is upward sloping and the demand curve is downward sloping. The equilibrium price is \$10 and the equilibrium quantity is 100 units.

Now suppose that the government imposes a tax on the good. The supply curve shifts up to S_1 and the demand curve remains the same. The new equilibrium price is \$15 and the new equilibrium quantity is 80 units. The government collects \$400 in tax revenue. The deadweight loss is \$100.

2010 Ce Econ Answer:

Evolution and Transitions in Complexity Gerard A.J.M Jagers op Akkerhuis, 2016-10-18 This book discusses several recent theoretic advancements in interdisciplinary and transdisciplinary integration in the field of evolution While exploring novel views the text maintains a close link with one of the most broadly held views on evolution namely that of Darwinian evolution This work puts forth a new point of view which allows researchers to define in detail the concept of evolution To create this conceptual definition the text applies a stringent object based focus With this focus the editor has been able to develop an object based pattern of evolution at the smallest scale Subsequently this smallest scale pattern is used as an innovative basis for generalizations These generalizations create links between biological Darwinism and generalized Darwinism The object based approach that was used to suggest innovations in the field of Darwinian evolution also allowed for contributions to other topics such as major evolutionary transitions theory the definition of life and the relationships between evolution self organization and thermodynamics Together the chapters of this book and the multidisciplinary reflections and comments of various specialists on these chapters offer an exciting palette of innovative ideas

The Palgrave Handbook of fintech in Africa and Middle East Konstantinos Tsanis, Heather C. Institutionalization of State Policy Miao Zhang, Rajah Rasiah, 2015-06-10 Using fresh evidence and a novel methodological framework this book sheds light on how institutions have driven economic reform in China's urban housing sector The book systematically analyzes the developmental role of the state in China with rich empirical evidence to show how decentralization has brought about significant participation by the different levels of government with the central provincial

and municipal governments focusing on initiation intermediation and implementation roles respectively Despite many Western analysts claiming that it is single complex superstructure the institutionalization of governance structures in China following reforms has taken place through strong coordination between governments at different levels to meet targeted plans Although China still has a long way to go to before it can be considered developed this book elaborates on how the country offers a unique alternative for other states seeking to develop by striking a balance between capitalist and socialist instruments

Decision-Making Experiments under a Philosophical Analysis: Human Choice as a Challenge for Neuroscience Gabriel José Corrêa Mograbi, Carlos Eduardo Batista de Sousa, 2015-10-15 This introduction just aims to be a fast foreword to the special topic now turned into an e book The Editorial Decision Making Experiments under a Philosophical Analysis Human Choice as a Challenge for Neuroscience alongside with my opinion article Neuropsychological considerations on decision making Pushing up the frontiers without disregarding their foundations play the real role of considering in more details the articles and the whole purpose of this e book What I must highlight in this foreword is that our intention with such a project was to deepen into the very foundations of our current paradigms in decision neuroscience and to philosophically moot its foundations and repercussions Normal Science a term coined by Philosopher Thomas Kuhn works under a research consensus among a scientific community A shared paradigm consolidated methods widespread convictions Pragmatically winning formulas must be kept although not at any cost What differentiates a gifted and revolutionary scientist from a more bureaucratic colleague is the capacity and willingness of constantly reevaluating depurating and refining his her own paradigm That is best strategy to avoid that a paradigm itself would gradually come under challenge In my view some achievements in this sense were brought about in our project The e book will be inspiring and informative for both neuroscientists that are concerned with the very foundations of their works and for philosophers that are not blind to empirical evidence Kant once said Thoughts without content are empty intuitions without concepts are blind Paraphrasing Kant we could say Philosophy without science is empty science without philosophy is blind

Community Resources for Older Adults Robbyn R. Wacker, Karen A. Roberto, 2013-03-14 This text is intended for courses on community services and programmes for the elderly typically found in gerontology departments and departments of social work Rather than simply focusing on building awareness of the various programmes and services available the authors stress the importance of the theoretical knowledge that will assist in understanding the social and psychological dynamics of help seeking behaviour By understanding the social and psychological needs of the elderly and their families as well as the services available to them students will be better able to take advantage of resources available to help their clients This new edition will update the key policy updates affecting older adults as well as the census data offered throughout the text It will also update the many unique pedagogical features such as the sections titled FYI best practices case studies and the web and national resources Increased attention will be focused on aging and diverse populations and the idea of cultural competency
