### Tusk master

Elephant tusks are mainly made of a composite material called dentin or dentine. The same material is found in human teeth. Elephants use them as

levers to dig for food and water, and to strip bark from trees. Similar to left- and right-handed humans, elephants are left- or right-tusked.

**Discovering Science Through Inquiry: Earth Systems and Cycles Kit** Kathleen Kopp,2010-07-14 The Discovering Science through Inquiry series provides teachers and students of grades 3-8 with direction for hands on science exploration around particular science topics and focuses. The series follows the 5E model: engage, explore, explain, elaborate, evaluate. The Earth Systems and Cycles kit provides a complete inquiry model to explore Earth's various systems and cycles through supported investigation. Guide students as they make cookies to examine how the rock cycle uses heat to form rocks. Earth Systems and Cycles kit includes 16 Inquiry Cards in print and digital formats, Teacher's Guide, Inquiry Handbook. Each kit includes a single copy; additional copies can be ordered. Digital resources include PDFs of activities and additional teacher resources including images and assessment tools, leveled background pages for students, and video clips to support both students and teachers.

**Science Learning, Science Teaching** Jerry Wellington, Gren Ireson, 2013-02-28 Now fully updated in its third edition, *Science Learning, Science Teaching* offers an accessible practical guide to creative classroom teaching and a comprehensive introduction to contemporary issues in science education. Aiming to encourage and assist professionals with the process of reflection in the science classroom, the new edition examines the latest research in the field, changes to curriculum and the latest standards for initial teacher training. Including two brand new chapters, key topics covered include the science curriculum and science in the curriculum, planning and managing learning, learning in science, including consideration of current fads in learning, safety in the science laboratory, exploring how science works using ICT in the science classroom, teaching in an inclusive classroom, the role of practical work and investigations in science, language and literacy in science, citizenship and sustainability in science education. Including useful references, further reading lists and recommended websites, *Science Learning, Science Teaching* is an essential source of support, guidance and inspiration for all students, teachers, mentors and those involved in science education, wishing to reflect upon, improve and enrich their practice.

**The Heart of Wisdom Teaching Approach** Robin Sampson, 2005-04 Details the Bible based homeschool teaching approach for parents and discusses Christian education, learning styles, unit studies, bible study and more. **Exploring Science in Early Childhood** Karen Lind, 2000 The new third edition of this best selling book focuses on early childhood education from birth through age eight. Based on theories of child development, this resource depicts how to integrate scientific concepts with music and movement, language arts, social studies and art. The book uses a problem solving approach to discuss constructive concepts along with a balance of naturalistic, informal and structured activities and experiences. The importance of literature and writing in science education is emphasized. Also the book describes how to use dramatic play and thematic projects as vehicles for integration. Key Features include compatibility with national standards and guidelines; an emphasis is placed on problem solving, a developmental sequence guides users in planning and instruction, developmentally appropriate assessment, evaluation and instructional strategies for the national movement toward authentic assessment.
