Atheism Is Winning:

Atheism is Winning! Anonymous,2014-04-08 We live in a world of radical hypocrisy Priests Terrorists and Christian Evangelists use iPhones access satellite Networks drive automobiles and seem to exist in some kind of imaginary bubble untouched by reality How is this possible How can such a large number of people both demand modern technology while still refusing to listen to the very people who brought it to them In an age of motor cars electric light bulbs and rockets to the moon more than half the world still insists on keeping their faith in God even while the most rational minds are calling this behavior dangerous archaic and possibly insane Perhaps this is something we should talk about But is anyone listening Perhaps I should say it louder Book features a variety of essays both humorous and serious on the issues of Atheism Marketing Hypocrisy Seduction Religion Psychology of Belief New Atheism Failures of Buddhism The Templeton Prize Beyond Sartre s Reef of Solipsism and other mildly poetic thoughts

The Death of Classical Theism and the Subsequent Rise of Atheism Shane Himes,2025-03-18 Modernity has seen the rise of atheism and a rejection of classical theism In this book Shane Himes argues that the two realities are largely dependent on one another Many modern Christian apologists are not fond of classical doctrines such as divine simplicity and impassibility and thus they happily reject these ideas The ramifications of doing so however have not been fully appreciated especially as they relate to Christian arguments for God s existence Himes gives an overview of the arguments for God s existence by examining the work of both scholars who reject classical theism and those who embrace it An analysis of these arguments demonstrates that modern models of God make his existence a mere possibility as opposed to a logical necessity As such the arguments given by these scholars leave them susceptible to atheist critiques given that they do not answer the question of why anything exists Without classical theism God becomes one possible answer as to why our particular universe exists the way that it does but apparently this has not been convincing to many as atheism has seen an unprecedented rise in the last two centuries Paradoxically if Christianity is to become dominant once again in academia and Western societies more generally a recovery of classical depictions of God as the ground of all being is paramount

Winning with Your Body, Mind, and Soul Henry Arnold Davis,2024-10-31 Winning can be an elusive thing Anyone who has chased a dream can relate What does it mean to win If once a winner is one always a winner Does success in one area of life make one a winner Who decides whether someone has actually won At their core people are driven to overcome any challenge they face physical mental or spiritual They want to win with their bodies minds and souls separately and collectively Their desire is to be a winner in the game of life and beyond if there is such a thing Competitions with the body and the mind are battles Competition with the soul is war The War Ideally everyone would win the battles and the war However it s okay to lose every battle and win the war But it s not okay to win every battle and lose the war Victories with the body and the mind are paper victories Winning with the soul is the only victory that matters in The End While no one knows what will happen when they die an analysis of the world s top

twenty two religions nonreligions proves that Christianity gives us the best chance at winning The War **What They Won't Tell You About Objectivism** Russell Hasan, 101-01-01 Everyone has heard dark whispers about the philosophy of Objectivism People read Ayn Rand s novels and fall in love with her ideas only to collapse into one of two inevitable fates 1 eventually give up on the ideas as childish and selfish often complaining that the philosophy is a cult or 2 develop a religious zealous fanaticism obeying the tenets of the philosophy in an obsessive robotic mindless manner But what is the truth about Objectivism What is it in Rand s novels that makes a light turn on in the minds of her readers and why does that light always flare and then burn out leaving behind either anger or mindless obedience This book argues that Objectivism has been turned into a shallow two dimensional cartoon caricature of what the philosophy really is by both Objectivism s foes and its followers The philosophy s enemies fight against and its followers worship a misinterpretation not the ideas that are actually in the novels Rand s novels present a vision of reality that is both heroic in its idealism and useful for real people in its practicality with integrity as its highest moral value but people forget that vision and eventually the vision fades into the paper thin cartoon that people think of when they hear the name Ayn Rand This groundbreaking innovative book looks at Objectivism in a new light and offers an analysis rooted in quotes from the texts of Rand s novels that presents Objectivism as a deep serious thoughtful philosophy with emotional depth and shades of gray a philosophy of the mind designed for smart people to heighten their intellectual freedom not merely a cult of robots or a cartoonish Right wing extremist defense of rich businessmen If you want to know the truth about Objectivism then read this book Theological essays: The moral significance of atheism.
