discussions but also as a stimulus and inspiration for ideas research and development in the vital field of automotive fuels
The economy of the United States and the lifestyle of her people are woven together with energy into a unique fabric
Reducing the energy content of this fabric weakens it and can even destroy it The Oil Embargo stunningly demonstrated how
easy it is to attack this fabric and exposed for all to see its greatest weakness reliance on imported petroleum Since petroleum
is the only current source of automotive fuels and cars and trucks consume about 43 percent of the petroleum used in the
United States the Oil Embargo had its most profound and dramatic on automotive transportation First there were long lines
at service stations impact and then idle lines in car assembly plants and long lines at unemployment offices Against this grim
setting we planned the symposium on automotive fuels for the future *The Times Index* ,1996 Indexes the Times Sunday
