

# HISTORY GRADE 12 NOTES

## QUESTION 1: SOURCE-BASED SECTION

### **THE COLD WAR IN EUROPE**

- Before the end of World War II, the Western European countries and the Soviet Union began to grow suspicious of each other.
- The lack of trust and co-operation between the USA and USSR in particular, led to what is commonly referred to as the Cold War.

#### ***What was the Cold War?***

- The Cold War was a series of mounting tensions between the two super-powers, each representing differing ideologies.
- On the one hand the USA symbolised a capitalist, democratic system and the USSR or Russia, stood for the principles of communism and a one-party system of government.
- The struggle between the two sides, the East vs the West, was an indirect conflict and usually at considerable risk to global peace.
- At times, the cold war became 'warm' and threatened to develop into full scale, 'hot' war - but one of the two powers always backed down at the last minute and thus the cold war continued for a lengthy period.

#### ***Origins of the Cold War***

- After World War II, the Allied Powers had several conferences to discuss the future of Germany and the reconstruction of Europe.
- In February 1945, the Yalta Conference was held in the Soviet Union and the following was decided upon by the Big Three (Russia, USA and Britain).
  - **That Germany be divided into four Zones of occupation - Russian, American, British and French.**
  - **Berlin, the capital of Germany, which was situated in the Russian Zone, be divided into four sections, one for each of the 4 major**

**Study Guide for Essentials of Nursing Research** Denise F. Polit, Cheryl Tatano Beck, 2014

Study Guide for Essentials of Nursing Research, 8e augments the text and provides students with exercises for each text chapter that furthers their understanding and application of the text content. Critiquing opportunities abound in the Study Guide, which includes eight full length studies in their entirety representing a range of research types. Application Exercises are based on these studies and guide students in reading, understanding, and critiquing the studies. In addition, there are activities to support the learning of fundamental research terms and principles, including fill in the blanks, matching exercises, and Study questions.
