Downsizing David Ekerdt, 2020-06-16 As life unfolds things tend to accumulate When older adults undergo health residential and marital changes they will face a reckoning with their lifelong store of possessions special ordinary and forgotten Such a predicament now confronts tens of millions of Americans as the Baby Boom cohort passes into retirement and beyond Despite what a thriving industry of clutter manuals tells us for most older adults downsizing is no simple task Drawing on in depth interviews with recent movers in over a hundred diverse U S households David Ekerdt analyzes the downsizing process and what it says about the meaning and management of possessions He details how households approach and accomplish downsizing exploring the decision making process and the effectiveness of different strategies From an expert gerontological perspective he considers the cognitive physical emotional and social tasks that the

process entails and the role of factors such as gender and class on the divestment of things Ekerdt finds that despite the fatigue and emotional challenges people encounter afterward they report satisfaction in having completed a downsizing and feel empowerment on the other side of the task Offering an empathetic and practical look at one of life's major transitions Downsizing brings forward the voices of elders so that older adults their families and friends and practitioners working with older clients can understand and benefit from their experience
