2014 Cch Master Tax Guide:

Tax Reform with the 20/20 Tax James C. Tanner, 2015-12-02 Many books have been written about tax reform but none offer the pragmatic and understandable approach that you'll find in this treatise filled with a nonpartisan set of solutions to fix an antiquated and indecipherable tax system. James C. Tanner, a certified public accountant with more than four decades of experience, explores how we can create a fair and logical tax framework by rethinking income, exclusions, exemptions, deductions, credits, tax brackets, capital gains, and other tax alternatives. Reform tax expenditures including health insurance and medical costs, home mortgage and other interest deductions, retirement plan deductions, charitable donations, and capital gains on assets sold and transferred. Lower the tax rates for most individual and corporate taxpayers while making our US companies more competitive with their foreign counterparts. Tanner also outlines how historical decisions and legislative proposals led to our current tax laws under the premise that we can't fix them without understanding why they were created in the first place. For those who want to participate in the national debate on federal tax reform, it begins with a firm understanding of the system and the practical proposals in *Tax Reform with the 20/20 Tax*.

101 Ways to Save Money on Your Tax - Legally! 2014 - 2015 Adrian Raftery, 2014-05-29 As featured on The Project Channel Ten, A Current Affair, Channel 9, ABC Radio, and in Money Magazine. Stop giving your money away. You work hard for your money and you work even harder to set and keep a budget that makes the most of it. But when tax time arrives, do you feel shorted on your return? Nearly everyone has to pay taxes, but the government is only entitled to so much of your money. You might be letting them keep hundreds or even thousands of dollars that rightfully belong to you. No matter what your accounting habits have been so far, you can still claim what's yours. *101 Ways to Save Money on Your Tax - Legally! 2014 - 2015* is your ultimate guide to maximizing your return. Author Adrian Raftery, a.k.a. Mr. Taxman, is Australia's leading personal taxation expert. In the book, Raftery provides the information you need to get back every single dollar you're entitled to, plus tips and tricks that help you get the most out of deductions related to you, your family, and your property. Education, employment, and small business, investment, property, shares, and superannuation. Special circumstances including medical expenses and levies. The book also contains advice on related matters including tax effective investments, tax planning, and how to find a great accountant. All information has been updated to reflect tax law changes wrought by the May 2014 budget. If you're tired of paying too much tax and seeing too little return, *101 Ways to Save Money on Your Tax - Legally! 2014 - 2015* is your comprehensive guide to putting things right starting now.

International Taxation of Manufacturing and Distribution John Abrahamson, 2016-02-18 The most thorough treatment of its subject available, this book introduces and analyses the international tax issues relating to international manufacturing and distribution activities, extending from the tax regime in the country where the manufacturing activities are located through to regional purchase and sales companies to the taxation of local country sales companies. The analysis includes the domestic tax laws relating to manufacturing and distribution company profits as well as

international tax issues relating to income flows and the payment of dividends Among the topics and issues analysed in depth are the following foreign tax credits taxation in the digital economy tax incentives intellectual property group treasury companies mergers and acquisitions leasing derivatives controlled foreign corporation provisions VAT and customs tariffs free trade agreements and customs unions transfer pricing role of tax treaties hedging related accounting issues deferred tax assets and liabilities tax risk management supply chain management depreciation allowances and carry forward tax losses The book includes descriptions of 21 country tax systems and ten detailed case studies applying the analysis to specific examples Detailed up to date attention is paid to the OECD Action Plan on Base Erosion and Profit Shifting BEPS and other measures against tax avoidance As a full scale commentary and analysis of international taxation issues for multinational manufacturing groups including in depth consideration of corporate structures tax treaties transfer pricing and current developments this book is without peer It will prove of inestimable value to all accountants lawyers economists financial managers and government officials working in international trade environments **British Master Tax Guide** ,1997
