**Refugee, Migrant and Ethnic Minority Health** Osnat Keidar, Emmanouil Pikoulis, Aristomenis Exadaktylos, David Shiva Srivastava, 2019-10-07 International migration particularly to Europe has increased in the last few decades making research on aspects of this phenomenon including numbers challenges and successes particularly vital This Special Issue highlights this necessary and relevant area of research It presents 37 articles including studies on diverse topics relating to the health of refugees and migrants Most articles 28 present studies focusing on European host countries The focus on Europe is justified if we take into consideration the increased number of refugees and migrants who have come to Europe in recent years However there are also articles which present studies from countries in other continents The topics discussed in the Issue include healthcare utilization infectious diseases mother and child health mental health and chronic diseases Finding from the included articles indicate that further development of guidelines and policies at both local and international levels is needed Priorities must be set by encouraging and funding in depth research that aims to evaluate the impact of existing policies and interventions Such research will help us formulate recommendations for the development of strategies and approaches that improve and strengthen the integration of migrants and refugees into the host countries [Handbook of Research on Clinical Applications of Meditation and Mindfulness-Based Interventions in Mental Health](#) Gupta, Sanjeev Kumar, 2021-08-27 Mental health has been a growing concern in society but recently has further come to light due to the COVID 19 pandemic and its effects on societal well being With mental health issues such as depression on the rise professionals need to implement new techniques that are effective in reducing psychological problems and enhancing psychological well being The integration of meditation and mindfulness techniques presents new methods for providing psychological intervention to alleviate psychological distress Clinical Applications of Meditation and Mindfulness Based Interventions in Mental Health presents mindfulness based interventions in clinical and non clinical conditions This book disseminates evidence based practices in the area of meditation and mindfulness to mental health professionals for the advancement of the mental health discipline and the benefit of students and trainees Covering topics including mindful parenting mediation trauma informed work and psychological trauma recovery this book is essential for mental health practitioners therapists psychologists counselors meditation specialists professionals students researchers and academicians

**Ethics and Law for School Psychologists** Susan Jacob, Dawn M. Decker, Elizabeth Timmerman Lugg, 2016-08-01 Ethics and Law for School Psychologists is the single best source of authoritative information on the ethical and legal issues school psychologists face every day Designed specifically to meet the unique needs of psychologists in school settings this book includes the most up to date standards and requirements while providing an introduction to ethical codes ethical decision making and the legal underpinnings that protect the rights of students and their parents This new seventh edition has been extensively updated with the latest research and changes to the law with an increased focus on ethical legal considerations

associated with the use of digital technologies Coverage includes new case law on privacy rights electronic record keeping the 2014 Standards for Educational and Psychological Testing digital assessment platforms the latest interpretations of the Individuals with Disabilities Education Act and more Ethics texts for counseling and psychology are plentiful and often excellent but this book is the only reference that speaks directly to the concerns and issues specific to psychologists in school settings Case vignettes end of chapter questions and discussion topics facilitate deeper insight and learning while updated instructor s resources bring this key reference right into the classroom Keeping up with the latest research and legal issues is a familiar part of a psychologist s duties but a practice centered on children in an educational setting makes it both critical and more complex Ethics and Law for School Psychologists provides a central resource for staying up to date and delivering ethically and legally sound services within a school setting

**Federal Register** ,2013-11      **Managed By Morons** James Lawther,2023-09-04 The antidote to mediocre management read it and become a better boss Management would be easy if it weren t for the corporate claptrap that gets in the way the painful organisational rituals that do nothing for a business s success SMART goals are not smart the annual round of target setting is a management power game and employee performance management is for fools If it is such a great idea why don t you do it at home Try telling your partner they are below standard and highlight their development opportunities Imagine how that would play out You don t need an Executive MBA to be a captain of industry Nor do you need to climb on the bandwagon of the next big thing Management by Objectives Best Practice Benchmarking and the Tao of Transformational Leadership have all been and gone though you might need some Artificial Intelligence to sift through all that Big Data There are easier ways to create flourishing workplaces James Lawther spent a third of a century in corporate Britain He has been taken for a ride by leadership gurus seduced by technology fleeced by management consultants and had his fair share of truly dreadful managers But he learned how to build a thriving organisation along the way There is no secret sauce and like all good things it is simple when you know how Buy this book and rediscover the obvious Your customers employees and bosses will love you for it
