Note the following three new sub-totals appearing on Lenny's Balance Sheet:

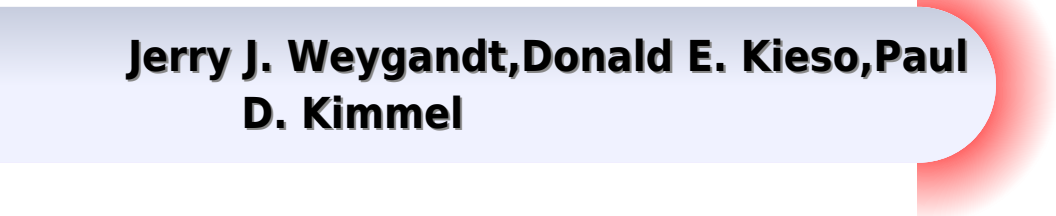

Total Current Assets is a total of those assets, which will turn-into cash during the next 12 months or be consumed during the next 12 months. The comparison of Total Current Assets to Total Current Liabilities gives some indication of Lenny's liquidity – that is, its ability to pay its bills in the short-term.

Property & Equipment, net is the amount of Fixed Asset cost, which remains to be depreciated in future accounting periods.

Total Current Liabilities is a total of those liabilities that will require payment in the next 12 months. In the case of Unearned Revenue, this current liability will be "paid-off" by Lenny's delivering mowing services to the university.
