teaching methods will naturally increase your mathematical maturity so that your potential score increases simultaneously with your actual score. This means that you can actually become capable of getting an 800 even if you were not before picking up the book. The information in the introduction alone is enough to raise your SAT math score up to 50 points before you even attempt one math problem. Dr. Warner has had to teach SAT prep for 14 years to accumulate the powerful combination of insights and strategies found in this book. Years of experience, a Ph.D. in math, and a unique approach have led to the ultimate product that outdoes any other SAT prep book. While other books teach general mathematical knowledge, Dr. Warner's strategies are designed to exploit the test's weaknesses which allow students to save huge amounts of time, avoid careless mistakes, and answer questions correctly while avoiding messy algebraic computations whenever possible. Important note: This book is an abridged version of 320 SAT Math Problems, consisting of only Level 3, 4, and 5 problems. If you would also like to practice Level 1 and 2 problems, please consider purchasing 320 SAT Math Problems instead.
