

Executive Coaching

What is executive coaching?

- A company-sponsored perk for top high potential employees.
- Customized holistic development process involving a professional relationship between a trained coach and a client (who may be an individual or a group)
- Goal: To enhanced client's management and leadership performance, and ultimately implement solutions to make their organizations more effective.
- There is not 1 "correct" method of executive coaching, but most methods go through the 3 major steps of mindset evaluation, leadership skills development, and system improvement.
 - An executive coach is a trained professional consultant with experience, education, and certification. This is different from a mentor.

Human Resource Management and Organizational Behavior

- Executive coaching is encompassed under training & development, but will also impact other aspects of HRM such as employee relations, communication, engagement.
- The organizational behavior most heavily influenced by executive coaching is leadership style and behaviors.
- An effective executive coaching program will have a positive impact on human resource management and organizational dynamics.

Real life examples and Relevance

- In the case study reviewed, 88% of participants received feedback confirming the positive impacts of executive coaching.

In a constantly evolving business environment with increasing competition and threats, it is important to have strong leadership. This prompts an increasing need for leadership development such as executive coaching, to prepare leaders to face these challenges.
