

Step by Step Affiliate Marketing Checklist

STEP 1

Create an online presence and define your niche.

- First have a platform and create online content, such as social media posts and/or a blog.
- Select a niche to focus on one specific market and better target your audience.

STEP 2

Research how you stand out from your competitors.

- Observe and figure out what your competitors are doing differently in comparison.
- Based on those learnings, determine which of your products to promote and which niche to work on.

STEP 3

Define which platforms and affiliate networks give the most returns.

- If looking to grow your business, consider using a variety of platforms to promote your brand.
- When choosing an affiliate network, consider: cookie duration, competition, the merchant's reputation, brand alignment, fees, and the level of support.

STEP 4

Decide on what to promote and optimize your site's content.

- The products you choose to promote must align with your brand and values.
- High-quality web content can help you rank higher on search engine results pages (SERPs). The more traffic you get, the more chances you have of making a sale.
