*Understanding Nonprofit Financial Statements* Steven H. Berger, 2008 This book concentrates on one major and widely recognized method of measuring value financial statements and their implications for outcomes It is organized to maximize a nonprofit board member s understanding of the most important financial elements within his or her organization At the outset the book reviews the function of the board in its goal setting role which includes financial outcomes This sets the stage for examining the differences between simple accounting and the board s function in analyzing accounting numbers to portray financial outcomes Understanding the major elements of the financial statements is the heart of the book and attention is given to the key ways in which those elements represent the real financial outcomes of the operations performed by the organization s senior management and staff over the relevant time period The remainder of the book highlights similarities and differences of interim versus audited financial statements some very specific ways to use available financial information to fulfill the board s fiduciary responsibilities and finally how to utilize financial information to measure organizational performance Included is a CD ROM that contains sample financial documents and a Microsoft PowerPoint presentation on financial practices that can be used at board meetings to improve financial skills P ix

*Comparative Corporate Governance of Non-Profit Organizations* Klaus J. Hopt, Thomas Von Hippel, 2010-04-22 The

economic importance of the non profit sector is growing rapidly in the USA and Europe However the law has not kept abreast with its development The European Court of Justice has extended certain freedoms of the EC Treaty to non profit organisations and more case law is expected to follow in the near future but the observations theories solutions and legal and non legal rules in this field are manifold The chances of harmonising the law on a European level are slim Despite these differences a common core of international corporate governance problems and regulatory solutions can be seen This volume of essays brings together a variety of international experts from both corporate governance and governance of non profit organisations to compare the two areas and explore the lessons that can be learned regarding comparative corporate governance for non profit organisations

Nonprofit Human Service Agencies this new and expanded edition with a slight title change continues to reflect the author's efforts to provide the critical knowledge needed to communicate with the experts. The central organizing theme of this book is the acquisition, distribution, and reporting of agency resources within a systems framework. Divided into four sections, Section I is an overview that covers historical and sociopolitical context of nonprofit organizations and financing as well as the systems concept and unique characteristics of nonprofits. Section II covers the planning and acquisition of resources by human service organizations. Budgeting, marketing, and grantwriting skills are examined. Section III details the distribution of the acquired resources through internal control, budgeting, and investments. Section IV presents basic accounting techniques: fund accounting, financial reporting guidelines, and financial statement analysis, including the recording and reporting of organizational financial activities. New topics include fees for services, purchase of service, contracting, breakeven analysis for costing services, and activities, third-party payments, internet resources, and a glossary.
