Physical Education and Development 3-11 Jonathan Doherty, Peter Brennan, 2012-08-21 Physical education plays a vital role in children's development health and well being and is an increasingly important part of the government's strategy for healthy schools. The role and profile of physical education at primary level continues to grow as awareness of the need to encourage an active lifestyle at an early age increases. This accessible guide to teaching PE within the 3-11 age range will allow all non specialist primary teachers to approach the subject with confidence encouraging a better understanding of its role within schools and the special contribution it can make to children's lives. The book shows how to guide children's movement experiences from the Foundation Stage right through to adventurous activities and sports games at the end of Key Stage 2 contains a wealth of practical advice on developmentally appropriate practical ideas supports the PECCSL strategy. PE School Sport and Club Links of providing at least 2 hours a week on high quality PE and school sport within schools. Written for all early years and primary students on teacher education courses this book is also relevant for teachers HLTAs and other non PE specialists working with children up to the age of 11.

Middle Level Teacher Preparation across International Contexts Cheryl R. Ellerbrock, Katherine M. Main, David C. Virtue, 2022-09-02 This volume offers a cross national analysis of teacher education programs designed to prepare teachers for work in middle level schools. The book showcases 15 detailed case studies of courses at institutions across North America Europe Asia and Africa including from countries currently underrepresented in middle level literature which provide detailed information on programming whilst foregrounding the political social and cultural factors which have influenced priorities within teacher education. Underpinning the book is a comparative case study framework used to identify divergences and commonalities within and across nations whereby factors such as globalization policy and socio cultural views of teaching and adolescence are explored as determinants of the nature success and challenges of middle level teacher preparation. This text will benefit scholars academics and students in the fields of middle level education teacher education and international and comparative education. Those involved with educational policy and politics as well as teacher training and the sociology of education more broadly will also benefit from this volume.
