*American Mojo: Lost and Found* Peter D. Kiernan, 2015-06-09 In *American Mojo Lost and Found* Peter D Kiernan award winning author of New York Times bestseller *Becoming China's Bitch* focuses on America's greatest challenge and opportunity restoring the middle class to its full promise and potential Our educated skilled and motivated middle class was the cornerstone of America's postwar economic might but the country's dynamic core has struggled and changed dramatically through the last three decades Kiernan's extensively researched story told through individual histories shows how the middle class flourished under unique circumstances following World War II and details how our middle class has been rocked and shaped by events abroad as much as at home By excluding too many Americans the middle class we reverently recall was fractured from the beginning What emerges through his storytelling is a picture of middle class decline and opportunity that is fuller more moving and profound and ultimately more useful in terms of charting a path forward than other examinations His unique global perspective is a vital ingredient in charting the way ahead This new frontier thesis shows that middle class greatness is again within our grasp if we take some powerful medicine and seize the global opportunity America possesses the skills and talent the world needs Americans must embrace what brought our middle class to prominence in the first place our *American Mojo* before it is too late and other countries steal the march All that is at stake is the soul of our nation

Bibliography of Agriculture with Subject Index ,1997     **Canadian Journal of Forest Research** ,2016     The Global Challenge Posed by the Multiresistant International Clones of Bacterial Pathogens Miklos Fuzi,Margaret Ip,2017-07-20

Multiresistant bacterial pathogens pose a serious problem worldwide making the appropriate treatment of patients with healthcare associated infections a challenge The spread of antibiotic resistance is either mediated by mobile genetic elements MGEs or the dissemination of genetically related groups of pathogens high risk clonal complexes Interestingly most multiresistant healthcare associated bacteria command just a few dominant international clonal complexes causing infections in various geographical areas It is of utmost importance to identify the determinants associated with and promoting the spread of antibiotic resistance and the dissemination of these multiresistant pathogens The Topic comprises mostly of population and epidemiological studies investigating antibiotic resistance mechanisms MGEs and the impact of antibiotic resistance and the production of virulence factors on the clonal dynamics of a diverse range of bacterial species Though the exploration of the mechanisms governing clonal dynamics and the dissemination of antibiotic resistance will remain a salient issue for a considerable time to come we believe that the papers published in the Topic have usefully contributed to the better understanding of some of the processes involved and supplement papers investigating the non bacterial constituents of clonal mobility like proper medical practice and compliance with hygienic standards     Muslim Piety as Economy Johan Fischer,Jérémy Jammes,2019-10-11 The first volume to explore Muslim piety as a form of economy this book examines specific forms of production trade regulation consumption entrepreneurship and science that condition and are themselves conditioned by Islamic values logics and politics With a focus on Southeast Asia as a site of significant and diverse integration of Islam and the economy as well as the incompatibilities that can occur between the two it reveals the production of a Muslim piety as an economy in its own right Interdisciplinary in nature and based on in depth empirical studies the book considers issues such as the Qur'anic prohibition of corruption and anti corruption reforms the emergence of the Islamic economy under colonialism halal or lawful production trade regulation and consumption modesty in Islamic fashion marketing communications and financialisation consumerism and housing As such it will appeal to scholars of sociology anthropology and religious studies with interests in Islam and Southeast Asia     Bibliography of Agriculture ,1997
