### Background:

The Age of Exploration, spanning the 15th to the 17th centuries, was a pivotal period in history when European nations sought new trade routes and territories. Driven by a desire for wealth, power, and the spread of Christianity, explorers like Christopher Columbus, John Cabot, Hernán Cortés, and Vasco da Gama ventured into unknown lands. Their voyages led to the discovery of the Americas, new sea routes to Asia, and the establishment of overseas empires. This era significantly impacted global trade, cultural exchanges, and the histories of both Europe and the indigenous civilizations they encountered.
