The Denial of Antiblackness João H. Costa Vargas, 2018-08-28 An incisive new look at the black diaspora examining the true roots of antiblackness and its destructive effects on all of society Thanks to movements like Black Lives Matter Western society's chronic discrimination against black individuals has become front page news Yet there is little awareness of the systemic factors that make such a distinct form of dehumanization possible In both the United States and Brazil two leading nations of the black diaspora a very necessary acknowledgment of black suffering is nonetheless undercut by denial of the pervasive antiblackness that still exists throughout these societies In *The Denial of Antiblackness* João H. Costa Vargas examines how antiblackness affects society as a whole through analyses of recent protests against police killings of black individuals in both the United States and Brazil as well as the everyday dynamics of incarceration residential segregation and poverty With multisite ethnography ranging from a juvenile prison in Austin Texas to grassroots organizing in Los Angeles and Black social movements in Brazil Vargas finds the common factors that have perpetuated antiblackness regardless of context Ultimately he asks why the denial of antiblackness persists whom this narrative serves and what political realities it makes possible *Illinois Municipal Review*, 2003 **Thomas Register of American Manufacturers and Thomas Register Catalog File**, 1960 Vols for 1970-71 includes manufacturers catalogs *Illinois Vehicle Code, as Amended* Illinois, 2010 *Chicago Tribune Index*, 1992
