||||| The "Weak" Tea Party Movement Curt D. Collins Bellevue University Professor Wright EN102-T301 Composition II October 13, 2012 The "Weak" Tea Party Movement On Feb. 19, 2009, about a month after President Barack Obama's first day on the job, CNBC host Rick Santelli railed against the President's proposed bank bailout and stimulus package on the floor of the Chicago Mercantile Exchange calling it an effort to help those who did not, or could not, help themselves (Tea Party Movement, 2012).

Santelli sanctioned "another tea party" similar to the American Revolution movement of the same name, and almost immediately, the movement gained momentum. By autumn, hundreds of Tea Party groups organized efforts in every state (Tea Party Movement, 2012). A year later, the movement influenced Republican party politics in the 2010 congressional elections (Tea Party Movement Evolves, 2012). With all the hype and candidate activities grabbing headlines for the past two years, the Tea Party Movement has fallen back to the shadows of the alleys that seldom get noticed.

The goals of the movement initially were to remove Republican Party officials who were not living up to the conservative standards adopted by the movement and stop the Democratic economic policy supporters from carrying out the bailout plan. Although the Tea Party Movement was effective in 2009 and 2010 at trying to accomplish it's goals, the lack of a substantive spokesman, little to not political pull, and sporadic support has watered down the efforts of the movement to an almost complete halt in 2012. Therefore, the Tea Partiers have lost their chance to evoke change in the government. Since the Tea Party Movement ideals do not support the President's party, Democrats view the movement as a road block to progressing the current administration's plans for economic recovery. Conservative thinkers, on the other hand, see the Tea Partiers as throw back hardliners who will stop at nothing to achieve the success that comes with defeating the Democrats in elections, passing an economic strategy that supports a more conservative framework, and purging the Republican party of so called conservatives that really don't practice what they preach.

This kind of focus and drive is a good thing. The founding of the United States of America is based on the idea that we all have the right to speak out against the current government. Conflict is healthy. With conflict comes resolution. The resolution brings a new idea that best suites the situation. Theda Skocpol, Victor S. Thomas Professor of Government and Sociology Harvard University, cites three main forces behind the movement's success: "grassroots activism, funding from wealthy conservative advocacy groups, and publicity from right-leaning broadcasters" (Skocpol and Williamson, 2012).

The movement has all the ingredients of becoming a very viable and valid contender for fighting the good fi
