Casual Work Arrangements and Platform-Based Work Ilda Durri, 2023-08-22 Platform work in which work activities are channelled through web platforms or apps has emerged as one of the major transformations in the world of work over the past decade Although platform work presents many of the labour law issues related to casual work often linked to insecure or precarious working conditions until this book no in depth research has been conducted on specifically positioning platform work in the context of casual work arrangements The author systematically evaluates how strategies aimed at regulating casual work can be extended to enhance the employment relationships and working conditions of platform workers The analysis proceeds through a detailed comparative legal analysis of casual work in four industrialized countries the United Kingdom the Netherlands Belgium and Italy shedding light on the divergent regulatory approaches to this work typology Then it moves on to EU legislators efforts to develop a

regulatory matrix on casual work focusing on directives such as those on fixed term work working time and transparent and predictable working conditions The author concludes with recommendations for redefining the EU legal initiative on platform work in light of the national and EU legal instruments examined in this contribution Issues such as the insecure nature of work unpaid stand by time and work insecurity come to the fore The purpose of this book is to assist policymakers and social partners in finding viable legal solutions to tackle some of the labour protection challenges posed by platform work At the same time it serves as a reminder to EU policymakers that existing legal instruments on casual work constitute an available blueprint which could be beneficial in dealing with such regulatory problems Issues and topics covered in a nutshell include the following what is captured under the label of casual work arrangements the shared features between casual work and platform work with a focus on their insecure working conditions the employment status insecurity the insecurity of working hours the uncertainty of the continuity of employment the income insecurity peculiar traits of platform work the development of the EU regulatory matrix on casual work the relevance of the directives on working time fixed term work and transparent and predictable working conditions for the protection of platform workers and the improvement of the proposal for a Platform Work Directive in light of the above instruments

#### **Catholic Higher Education and Catholic Social Thought**

Prusak, Bernard G, Reed-Bouley, Jennifer, 2023 Responding to the signs of the time this book brings the lens of Catholic social thought CST to the enterprise of Catholic higher education in the United States Scandals in the Church and the growth of religious non affiliation in the culture have made being Catholic greatly challenging for Catholic colleges and universities at the same time that the economics of higher education have mounted a challenge to the very viability of many institutions This book throws light on what Catholic colleges and universities might and must do in order both to preserve their mission and renew it for the future CST is concerned with the right ordering of social institutions or in other words the systems in which individuals live and work CST is accordingly relevant not only to the internal dynamics and structures of Catholic colleges and universities but to the system of U S higher education in which individual colleges and universities operate This edited volume consisting of high quality chapters by authors with disciplinary expertise deploys the resources of CST to shed light on both internal and external challenges to opportunities for and obligations on institutions of Catholic higher education in the U S context

#### Language, Cognition and Gender Alan Garnham, Jane Oakhill, Lisa von Stockhausen, Sabine

Sczesny, 2016-08-08 Gender inequality remains an issue of high relevance and controversy in society Previous research shows that language contributes to gender inequality in various ways Gender related information is transmitted through formal and semantic features of language such as the grammatical category of gender through gender related connotations of role names e g manager secretary and through customs of denoting social groups with derogatory vs neutral names Both as a formal system and as a means of communication language passively reflects culture specific social conditions In active use it can also be used to express and potentially perpetuate those conditions The questions addressed in the contributions to this

Frontiers Special Topic include how languages shape the cognitive representations of gender how features of languages correspond with gender equality in different societies how language contributes to social behaviour towards the sexes how gender equality can be promoted through strategies for gender fair language use These questions are explored both developmentally across the life span from childhood to old age and in adults The contributions present work conducted across a wide range of languages including some studies that make cross linguistic comparisons Among the contributors are both cognitive and social psychologists and linguists all with an excellent research standing The studies employ a wide range of empirical methods from surveys to electro physiology The papers in the Special Topic present a wide range of complimentary studies which will make a substantial contribution to understanding in this important area *House documents*, 1895

**Variability and Consistency in Early Language Learning** Michael C. Frank, Mika Braginsky, Daniel Yurovsky, Virginia A. Marchman, 2021-03-16 A data driven exploration of how children s language learning varies across different languages providing both a theoretical framework and reference The Wordbank Project examines variability and consistency in children s language learning across different languages and cultures drawing on Wordbank an open database with data from more than 75 000 children and twenty nine languages or dialects This big data approach makes the book the most comprehensive cross linguistic analysis to date of early language learning Moreover its data driven picture of which aspects of language learning are consistent across languages suggests constraints on the nature of children s language learning mechanisms The book provides both a theoretical framework for scholars of language learning language and human cognition and a resource for future research *The SAGE Handbook of Neoliberalism* Damien Cahill, Melinda Cooper, Martijn Konings, David Primrose, 2018-02-26 Across seven sections including Neoliberal Economies The State and Regulation and Neoliberalism in Crisis this resource brings together a global team of experts to explore the cutting edge of contemporary scholarship in the field
