

Type Ahead

You don't need to listen to all menu prompts before pressing a key selection; the prompts are only for your convenience. If you know which keys to use, type ahead and move through the system as fast as you wish.

Message Length and Conditions

There is no time limit on message length, but after five minutes the system interrupts the caller and asks if they wish to continue. If there is no reply, the system stops recording and hangs up. The same thing happens if the caller stops talking for more than a few seconds or has a very faint connection.

If the caller is in a very noisy environment, such as a factory or a windy car, the system may disconnect. The caller should try again from a quieter location.

Minimum message length is two seconds.
