Shadowed Cocktails Donald R. Anderson, 2010-10-01 An important and prolific playwright Philip Barry wrote hit plays such as *The Philadelphia Story* and *Holiday* However he has been largely forgotten and no book length analysis of his work has appeared in more than forty years With this book Donald R Anderson rescues the playwright from obscurity Although Barry s successes were with comedies of manners he also wrote dramatic and experimental works Anderson analyzes all of Barry s plays twenty one in total and questions the traditional characterization of the American playwright s work He begins with Barry s early plays concerning intergenerational tensions and lessons learned from the Great War Subsequent chapters explore Barry s preoccupation with fidelity and infidelity his struggles with his Catholic beliefs and his investigations into sources of evil and despair Anderson also looks at the plays of the late 1930s and the 1940s including the posthumously produced *Second Threshold* One chapter is devoted to Barry s synergistic relationship with Katharine Hepburn her role in lifting the playwright out of a mid 1930s slump and his role in rescuing her from the label of box office poison with both *The Philadelphia Story* and the World War II drama *Without Love* Anderson places Barry within the context of his times but also shows him drawing on past influences and anticipating theatrical developments of the latter part of the twentieth century Part cultural history part literary analysis *Shadowed Cocktails* is sure to revitalize interest in this remarkable American author and his role in rescuing her from the label of box office poison with both *The Philadelphia Story* and the World War II drama *Without Love*

Godonism Theo Von Cezar,2010-10-12 The story starts with friends Ahma and Jovian who like most humans have fallen on terrible luck There s nothing special about these two or humanity in general The dystopian grey world the men live in is held tightly in the grip of overpopulation People are subsisting and not much more The friends have nothing to look forward to until they happen to find the Church of All Nonbelievers What s the guiding principle of this somewhat sacrilegious institution As the book states GOD IS NOT INDEBTED TO THE UNIVERSE AND TIME WE ARE INDEBTED TO OUR GOD Enter a paranormal being who offers Ahma and Jovian the chance to rise above their meager existence The offer comes with a warning Should the two mess up the opportunity they ll bring their own ruination The story leads the friends down a winding path that is one half The Matrix and another half Heresy In the end the men find out their ties run deeper than ever thought the government s guiding hand in their lives more invasive and the lines between religion and science so completely blurred that both begin to look like futuristic psychology
