neglect for the rights of victims As Piccato demonstrates ordinary people in Mexico have made crime and punishment central concerns of the public sphere during the last century and in doing so have shaped how crime and violence took form over time Provided by publisher Mexico: A History Paul Gillingham,2025-11-13 This sweeping new history of Mexico spans 500 dramatic years of conquest innovation and revolution A one of a kind book populated by large and small characters spanning five hundred years of conflict and resilience all in a masterful prose and a sharp intelligent dialogue with the reader Pablo Piccato author of A Brief History of Violence in Mexico and Professor of History Columbia University A rollicking and stereotype busting tour through five centuries of Mexican history Sweeping from the Sonoran copper mines to the rainforests of Chiapas to Mexico City s mansions Gillingham dissects the country s politics ideas and contradictions with flair The rare book that is as entertaining as it is learned and ingeniously argued Deborah Cohen author of Last Call at the Hotel Imperial and Director of the Roberta Buffett Institute for Global Affairs It begins in 1511 with the shipwreck of two Spanish sailors in Yucat n Only ten years later an army of European adventurers and indigenous rebels seized the island city of Tenochtitl n seat of one of the world s great empires It would become Mexico City and marked the collision of two radically different worlds Spaniards discovered tomatoes chocolate and the most sophisticated city they had ever seen For Mexicans the encounter brought horses wheels but also lethal germs sparking a cataclysmic century of disease that would kill a majority of the indigenous population Paul Gillingham s superb history chronicles how this convulsion led to a startling recombination of cultures He shows how the industrial mining of Mexico s silver transformed the wealth and trade of the world making it the centre of the first truly global economy We then see how independence from Spain went on to bring calamitous wars with the United States and France One of the world s great social revolutions then remade Mexico and ushered in a one party state that whatever its shortcomings brought peace throughout many of the global horrors of the twentieth century before the country collapsed into violence in the drug wars of the 2000s Mexico A History uses the latest research to dazzling effect showing how often Mexico has been one of the world s great innovators a dynamic and vital shaper of world affairs **The**

Camp,2005-09-30 Based on information not available previously this comprehensive study details the history evolution and changing relationship between the armed forces and civilian leadership in Mexico in the second half of the 20th century Camp focuses on the past two decades during which democratic transformation produced important changes within the armed forces in particular the navy Despite institutional autonomy a lack of reform and an increase in civilian missions the Mexican armed forces remain subordinate to civilian political authorities and Camp finds little evidence to support the common notion that they are a significant threat to civilian supremacy in general or to the democratic process in particular This work draws from published and unpublished sources military websites and material obtained through numerous freedom of information requests made directly through the secretariat of national defense It includes correspondence and

interviews with Mexican officers specialists and journalists who have covered the military and American officers who have trained or worked with the Mexican armed forces Based upon thirty five years of research Camp incorporates detailed data on 670 army air force and naval officers at the two or three star rank into the only comprehensive biographical data bank ever compiled on the Mexican military This allows for insightful comparisons between the navy and army on such topics as leadership training international education and promotion It reveals new organizational developments within the armed forces especially the navy and the new roles civil political institutions are playing vis a vis the armed forces *SAIS Review* ,2004 **Enemigos fueron todos: vigilancia y persecución política en el México posrevolucionario (1924-1946)**
