

Chapter 8 and Chapter 9

Chapter 8

Objectives:

- To explore the concept of **allegory**
- To read and discuss Chapter Eight
- To develop understanding of the significance of The Battle of the Windmill through **hotseating**

Allegory

On a single level *Animal Farm* can be read as a fairy story about a group of animals that rebel against their human master and try to run the farm themselves. But the book also works on a deeper level where Orwell is exploring ideas about **power, corruption and totalitarianism**.

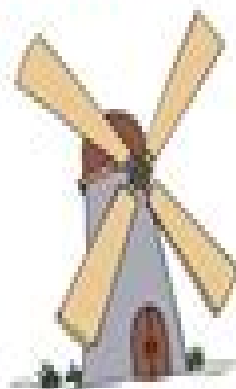

This means that *Animal Farm* is an **allegory**.

An allegory is a narrative with a **secondary meaning** under the surface. Allegories often have **social, political or moral** messages to convey. The characters in *Animal Farm* represent real historical figures from the era of the USSR and events such as The Battle of the Cowshed and the executions **mirror** the real events of **World War One** and **The Purges**.

The Battle of the Windmill

- Read up to the end of Chapter Eight
- Discuss the key events of the chapter. Consider how Chapter Eight develops the **plot, characters** and **themes** of the novel

In the Hotseat

In Chapter Eight the animals are **cheated** then attacked by the neighbouring farmer Frederick and his men. The animals win the fight but suffer heavy losses. Animals are killed and the windmill is destroyed for a second time. Following the battle, **hotseat** the main characters and discuss how they feel.

In the Hotseat

Split into groups of four. Each member of the group must assume the identity of a character from the book (either Frederick, Boxer, Squealer or Benjamin). Your teacher will put forward a series of questions about the events of Chapter Eight to each of the characters. Characters must respond to the questions in detail and in role, showing a depth of understanding of the character and plot. Some possible questions are included on the next slide.

It was a great victory compared!

Life is worse now than under Farmer Jones...

The number of dead is heart-breaking.

Who might say that?
