

Character Analysis Anne Frank

Jewish girl who had lived most of her life in Amsterdam. In January 1933, Nazis had taken over Germany, which made the Franks move to Amsterdam, Holland. By that time the Franks were in independent woman that would always talk, and stand up for her rights and her believes. Anne had short dark hair and brown eyes. She would always speak up, even when it wasn't even rights, even thought I do get carried away. Another reason was that she never gave up hope, that they would die, or get caught she always thought positive even when things were down. If that was me I would go with the crowd and probably stay down.

Speak for everyone. Anne was also childish when they first came into hiding. She had always thought it would only be for a couple of months. Her actions would be like, when she tries to help people she ends up not doing it right. For example when Mrs. Van Dan had given her coat to Anne and Anne had spilled milk on it, not on purpose but it was an accident. Those would be some foolish, and childish things a girl can do. Her behavior was good, she would do what she was told to do most of the time. Anne's major changes was when she comes into "Hiding" as a foolish, childish girl and then turns into a nice young lady.

Another major change would be that Anne had accepted her mother, she now listens to her mom, and do what she is told without talking back. What she is told. Anne would always get in fights with Peter, she would never go to her mom for help, and the only one she had loved was her father. Her moods, would be like a roller coaster, she would be friendly, to mean, to hating someone then to loving someone. The only mood that she would always be in was positive, she would never give up, that they would get caught and was in "Hiding" a present for Hanukkah. She even hand-made all her of her presents. Anne made a crossword puzzle for Margot, hair shampoo for Mrs. Van Daan. Some.

Anne Frank Character Analysis Essay:

Revolutionizing English Education Clarice M. Moran, 2024-04-30 Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor Previously relinquished to computer science journals it erupted as the unrelenting topic of public media with most of the furor surrounding chatbots like ChatGPT Although many educators began worrying about the implications of AI in student learning and creative activity this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI this book seeks to start a conversation in this nascent area of research and practice The primary focus is on the use of AI in the secondary English classroom but educators in other disciplines will find plenty of ideas and information
